## Parte A. DATOS PERSONALES

Nombre *	Daniel		
Apellidos *	de la Iglesia Garcia		
Sexo *	Hombre	Fecha de Nacimiento *	16/08/1986
DNI/NIE/Pasaporte *	76999167C	Teléfono *	
URL Web			
Dirección Email	danieldelaiglesiagarcia@gmail.com		
Identificador científico	Open Researcher and Contributor ID (ORCID) *	0000-0002-1826-2282	
	Researcher ID		
	Scopus Author ID		

\* Obligatorio

### A.1. Situación profesional actual

Puesto	Gastroenterology		
Fecha inicio	2023		
Organismo / Institución	Hospital Puerta de Hierro		
Departamento / Centro			
País		Teléfono	
Palabras clave	Medicina clínica		

### A.2. Situación profesional anterior

Periodo	Puesto / Institución / País
2015 - 2023	Gastroenterology / Complejo Hospitalario Universitario de Santiago compostela
2011 - 2015	Fellowship in Gastroenterology / Complejo Hospitalario Universitario de Santiago compostela

### A.3. Formación académica

Grado/Master/Tesis	Universidad / País	Año
Master in health administration and management	Instituto de Salud Carlos III	2021
PhD in Clinical Research	Universidad de Santiago de Compostela	2020
Master in Hepatology	Universidad Cardenal Herrera CEU	2017
Master in Statistics: Design and Statistic in Health Science	Universitat Autònoma de Barcelona	2017
Master in acute cardiology care	Universidad de Santiago de Compostela	2014
Degree in Medicine	Universidad de Santiago de Compostela	2010

### A.4. Indicadores generales de calidad de la producción científica

Publications in WOS: 40. Sum of times cited: 370 . Average citation per item: 9.3. Average citation per year: 53. H Index: 10

## Parte B. RESUMEN LIBRE DEL CURRÍCULUM

Fellowship in Gastroenterology - University Hospital of Santiago de Compostela

PhD in Chronic Pancreatitis - University of Santiago de Compostela (Awarded Cum Laude in 2020)

During my PhD studies, I focused on the research project titled "Clinical Relevance and Treatment of Exocrine Pancreatic Insufficiency in Patients with Chronic Pancreatitis." Working under the guidance of Dr. Enrique Dominguez Muñoz, in the esteemed group of Digestive Diseases, I developed a profound understanding of pancreatic diseases.

I further enriched my expertise by undertaking research stays at the University of Liverpool, where I collaborated with renowned Professor Robert Sutton.

Presently, my dedication to advancing medical knowledge continues as I actively participate in various national and international studies. My involvement includes cutting-edge research in the early detection of pancreatic cancer and the management of patients with acute and chronic pancreatitis. Additionally, within our group, I contribute to studies focused on the early diagnosis of chronic pancreatitis and advance imaging in EUS.
