Photo	Name in Full	Yejong Park, M.D., PhD
	Country	Republic of Korea
	Affiliation	Division of HBP Surgery, Department of Surgery, Asan Medical Center, University of Ulsan College of Medicine
	Email	Blackpig856@amc.seoul.kr

Educational Background

- Graduated from Seonam University College of Medicine (2009)
- Master's degree from University of Ulsan college of medicine graduate school (2014)
- Doctoral degree from University of Ulsan college of medicine graduate school (2019)

Professional Career

- 2009: Graduated from Seonam University College of Medicine
- 2010-2014: Residency, Department of Surgery, Asan Medical Center
- 2017-2019: Clinical fellow, Division of HBP surgery, Department of Surgery, Asan Medical Center
- 2019-2022: Instructor, Division of HBP surgery, Department of Surgery, Asan Medical Center
- 2022-: Clinical assistant professor, Division of HBP surgery, Department of Surgery, Asan Medical Center

Research Field

- Pancreatobiliary surgery
- Minimally invasive pancreatic surgery
- Pancreatic cancer, translational study

Evaluation of postoperative outcomes of minimally invasive distal pancreatectomy for left-sided pancreatic tumors based on the modified frailty index: A retrospective cohort study
Park Y, Hwang DW, Lee JH, et al. Int J Sug. 2023;10.1097.

Minimally invasive distal pancreatectomy: Chronologic changes in the trends and clinical outcomes through a 15-year, single-center experience with 2212 patients
Park Y, Hwang DW, Lee JH, et al. JHBPS. 2022.

Acetazolamide-eluting biodegradable tubular stent prevents pancreaticojejunal anastomotic leakage.
Park Y, Park JH, Park J, et al. J Control Release. 2021;335:650-659.

Circulating tumour cells as an indicator of early and systemic recurrence after surgical resection in pancreatic ductal adenocarcinoma.
Park Y, Jun HR, Choi HW, et al. Sci Rep. 2021;11:1644

Effect of Flowable Thrombin-Containing Collagen-Based Hemostatic Matrix for Preventing Pancreatic Fistula after Pancreatectomy: A Randomized Clinical Trial.
Park Y, Ko JH, Kang DR, et al. Journal of Clinical medicine 2020;9(10):3085.

Clinical outcomes of octogenarians according to preoperative disease severity and comorbidities after laparoscopic cholecystectomy for acute cholecystitis.
Park Y, Hwang DW, Lee JH, et al. J Hepatobiliary Pancreat Sci. 2020. doi:10.1002/jhbp.719.

Analysis of Symptomatic Marginal Ulcers in Patients Who Underwent Pancreaticoduodenectomy for Periampullary Tumors
Park Y, Hwang DW, Lee JH, et al. Pancreas. 2020
